

CAPABILITY STATEMENT

408 W Campus Dr, Arlington Heights, IL 60004 · United States
(202) 344-0048 · info@alvexusa.com · alvexusa.com

Alvex Inc. · an Illinois corporation

Issued 28 September 2026

Alvex Inc. builds **custom printed overlays, nameplates and data plates, die-cut graphics and cast polyurethane parts** to customer print. Work is made here or at converters we have used for years, inspected against the approved proof, and shipped on the date we gave. We submit PPAP under our own name.

WHAT WE MAKE

Printed overlays

Second-surface print on polycarbonate and polyester, so the graphic sits behind the material and cannot be worn off. Windows, embossed keys and cut-outs; 3M 467 and 468 laminated.

Nameplates & data plates

Anodised aluminium and rigid plastic, digitally printed and laser or die cut to profile. Pantone-matched and lacquered. Serialised and sequential marking.

Moulded parts

Cast polyurethane to approved samples, including two-colour work with debossed detail. Matte and gloss in one part, adhesive backed with the liner in place.

Die-cut graphics

Kiss-cut, through-cut and contour-cut, including cutting around each letter with no carrier background. Sheeted, rolled or individual pieces.

MATERIALS

POLYCARBONATE	5 – 30 mil. Velvet, gloss, matte and textured.
POLYESTER	2 – 10 mil. Subsurface printed.
ALUMINIUM	0.016 – 0.032 in. 5005 H34 to ASTM-B209.
POLYURETHANE	Roughly 40 – 90 Shore A. Two-colour in one part.
VINYL	2 – 4 mil cast and calendered.
ADHESIVES	3M 467 and 468 transfer, 4492B foam, 32 mil PE foam.

QUALITY & DOCUMENTATION

- PPAP Level 2 and Level 3 submitted under our own name, as one numbered package.
- Part submission warrant, certificate of conformance, dimensional results, material traceability and appearance approval, ballooned drawing attached.
- Ballooned drawing of record issued and signed before tooling is cut.
- Every ballooned characteristic measured, with the gauge used and the deviation recorded.
- Records retained seven years.

TOLERANCE & FORMAT

CUT TOLERANCE	±0.25 mm typical on die and laser work.
PRINT REGISTRATION	±0.30 mm colour to colour, ±0.40 mm print to cut.
COLOUR	Matched to Pantone reference or a signed appearance sample.
QUANTITIES	A single first article to tens of thousands.
FORMATS	Individual, bundled, sheeted, or rolled on a 3 in core.
ARTWORK	AI, EPS, PDF or DXF preferred; we work from a dimensioned drawing.

HOW AN ORDER RUNS

QUOTE	Priced, with a lead time, the day you ask.
ACKNOWLEDGMENT	Our ship date in writing — not a copy of your need date.
RELEASES	Blanket orders released weekly or monthly against one purchase order.
PACKING	To your count and format. Packing slip in every carton; contents and quantity on every label.
ROUTING	Your carrier and account, collect or third party, wherever you have a routing instruction.
SHIPS COMPLETE	No partial shipments unless you ask for them.

INDUSTRIES SERVED

MARINE & BOAT BUILDING

RECREATIONAL VEHICLES

AUTOMOTIVE

INDUSTRIAL EQUIPMENT

TRANSPORTATION & FLEET

LEGAL NAME

Alvex Inc.
An Illinois corporation

VENDOR SETUP

W-9, certificate of insurance naming you as holder, ACH details and trade references — as one package, same day.
